TO LEARN | TO LIVE | TO SERVE

6 April 2020

Dear Parents and Learners

Following a staff meeting this morning we excitedly share the following with you:

Despite the mention in our previous email that we are starting formal classes on Tuesday 16th April, our planning has been quicker than expected and our educators are enthusiastic to start teaching sooner. Our teachers have already established their teaching groups and some have started handing out assignments etc.

Please make sure that your child/ren are connected to these groups to cover all their subjects and that they are receiving work. If this is not the case, please contact the relevant teachers immediately. Email addresses and subjects per teacher are available on our website under the **STAFF** tab.

The school time table (on the website under the **NEWS & TIME TABLES** tab) can be used throughout the day by learners to maintain contact with each teacher for assistance. Teachers will also give live online teaching to specific groups where applicable.

We want to take this opportunity to thank each of you for your support of your child's ongoing education in these difficult times. Please be assured that we are doing all we can from our side to make this time as easy as possible for the learners until we can go back to the classrooms.

Our best wishes that you and your families stay healthy and safe.

Best Regards

MR AR BASSON
